The First Assistant to the Resident in Mysore

Bangalore.

No. C. A. 3-4 / 30,114. Dated Madras, the 8th January 1897.

Sir,

With reference to the Proceedings of the Government of India, Home Department (Medical) - Nos: 14-447 to 464, dated 25th October 1884, I have the honor to enquire whether the Resident is of opinion that the Mysore Durbar may with propriety be moved to accord the privilege of free medical attendance to employés of the Imperial Post serving in Mysore. The question has never been directly raised since the transfer of the management of posts in Mysore to this Department, which took effect from the 1st April 1889; but in practice I believe that the privilege is as a rule actually enjoyed and it is of course only natural that the right would be recognised. In the same way this Department accepts certificates of fitness for service or incapacity for further service or in support of applications for leave on medical certificate when granted by medical officers of the Mysore Government as having the same force and effect as certificates granted by medical officers in British India.

2.

2. I may add that I do not wish that the proposal should be referred to the Durbar unless the Resident finds that he can give it his support.

I have &c.
